Students are admitted to the Teacher Education Program once a year for the spring semester. Complete an online application at <http://soe.ku.edu/admission/> by mid-September for the next spring semester. A complete application also includes essays, and letters of reference. Students are notified of decisions in writing by mid-October. Kansas Board of Regents policy determines some admission requirements. Typically, students apply during the fall of their sophomore year to begin at KU in the spring of their sophomore year. After admission, five semesters are required to complete the degree. This includes two semesters of student teaching.

- Admissions for all School of Education programs are competitive.
- The minimum grade point average (GPA) to be admitted is 2.75. A competitive GPA is 3.2 or higher.
- Courses listed in the "Admissions Requirements" box must be completed before admission to the Teacher Education program is possible. Courses listed here can be in progress during the semester you are applying.
- For admissions purposes only, an approved science with lab can be substituted for geography with lab.

Make sure to meet with a School of Education advisor before you decide to come to KU. Given your proximity to KU, it may be easier to contact an advisor via the phone, email or video chat (i.e. Skype), which is perfectly acceptable.

Because enrollment in competitive programs is limited to prescribed numbers, *students who meet minimum admission standards may not be accepted.* Prospective teacher education students should consult an advisor early in the first year to ensure fulfillment of admission requirements and to plan efficient programs of study.

- The following courses, or the KU equivalents for transfer students, must be completed (or currently enrolled) prior to applying into the Education program:

Introduction

This articulation agreement formally recognizes that the University of Phoenix and Independence Community College are educational institutions which agree to work together to provide educational opportunities for the currently enrolled and potential students of their institutions. Agreement to this alliance requires a commitment by both institutions to facilitate the transfer of an associate degree conferred students into a baccalaureate degree program without jeopardizing the intended mission and stated goals of either institution.

Purpose

The agreement defines a structure through which articulation on all levels will be supported. Development and distribution of all transfer articulation products (e.g. brochures, checklists or transfer guides) are the responsibility of the University of Phoenix. The University of Phoenix will consider the input from Independence Community College so that the most efficient transfer possible may be achieved for the student. The University of Phoenix and Independence Community College agree to develop a working plan to accomplish students' transition between associate and baccalaureate degrees.

 - Students from Independence Community College will be granted admission to a baccalaureate degree program at the University of Phoenix based on academic requirements as a result of having earned an associate degree and upon further satisfaction of all other conditions for admission as stated in the University Catalog. University of Phoenix admission requirements may be viewed at www.phoenix.edu
2. If the student is enrolled in the Bachelor of Science in Management program (in states where offered), the associate degree focus will be listed as an area of emphasis on the baccalaureate transcript and University of Phoenix diploma.
3. Students from Independence Community College, who are within 12 months of the completion of their associate degree, may pre-apply to a University of Phoenix baccalaureate program and will be granted access to the University of Phoenix University Library Online Collection. Independence Community College agrees to notify the University of Phoenix of any adverse changes in its accreditation status.
