

Independence Community College

Application for Employment

Date: _____ Position Applying for: _____

Independence Community College is part of the Kansas Public Employees Retirement System (KPERS), and as such, the college is required to pay nearly 16% of gross wages for each employee who is receiving retirement pay through KPERS and who also works full time at ICC. The college pays the amount owed to KPERS, but that cost is passed along to the employee through means of a payroll deduction. An example of what that impact is for an employee would be: if a KPERS retiree hires on full time at ICC with a starting monthly salary of \$2,667, this employee can expect to have nearly \$427 deducted from his or her monthly paycheck to be paid to KPERS. The amount paid to KPERS will maintain the same 16% rate as the employee's pay changes, or as KPERS changes through its directives. The employee will gain no additional time or credit from KPERS for any amount paid in post-retirement work at ICC.
