Re: Second Reading of Revisions to Board Policy TRU-920

Board Policy provides for two readings of proposed policies and/or revisions prior to inclusion in the Board Policy Manual. The second reading of proposed Board policy TRU-920 is proposed below.

CODE: TRU-920

SUBJECT: Employment at Will

ADOPTED:

Employment with Independence Community College is at will. This means employment is for an indefinite period of time and is subject to termination by an employee or Independence Community College, with or without cause, with or without notice, at any time unless an employee has a signed, written contract pre-approved by the Board of Trustees.

Except for the President with pre-approval of the Board of Trustees, no employee or representative of ICC has authority to enter into any written or oral agreement, express or implied, which modifies the at-will nature of employment at ICC.

No contract of employment with ICC will be valid unless it contains the name of the specific employee who would be benefited/obligated by the contract.

This policy may not be modified by statements contained in the ICC Policies and Procedures, the Employee Handbook, the Faculty Handbook or the Adjunct Faculty Handbook, or any other employee handbooks, employment applications, recruiting materials, or other materials provided to applicants and employees in connection with their employment *or posted by the College*. None of these documents, whether singly or in combination, create an express or implied contract of employment for a definite period or concerning any terms or conditions of employment.

Completion of any Probationary Period or attainment of Regular Employment status does not change an employee's status as an employee-at-will or in any way restrict ICC's rights to change or end the terms and conditions of employment.

Re: Second Reading of Revisions to Board Policy TRU-921

Board Policy provides for two readings of proposed policies and/or revisions prior to inclusion in the Board Policy Manual. The second reading of proposed Board policy TRU-921 is proposed below.

CODE: TRU-921

SUBJECT: Whistleblower Protection Policy

ADOPTED:

The purpose of this Policy is to provide an avenue for any member of the College community, including students, employees, and visitors, to make a good-faith report or whistleblower complaint of suspected unethical conduct, violations of state and/or federal law or infractions of College policies, processes and/or procedures or workplace rules by College personnel.

This Policy establishes the appropriate reporting mechanism to be used for notification of known or suspected wrongful conduct and provides for protection from retaliation for making a good-faith report under this Policy.

Reporting

College students, employees, and visitors must comply with all applicable state and federal laws, as well as College policies, processes, and procedures. Students, employees, and visitors must not be compelled by a College employee, supervisor, manager, director, administrator, or trustee to violate state or federal law or College policy, process, or procedure.

Any member of the College community, who has knowledge of specific acts which they reasonably believe violate state and/or federal law, or College policy, process or procedure should promptly report those acts to their immediate Supervisor. If the member of College community does not feel comfortable reporting the violation to their immediate Supervisor, they should report the violation to Human Resources or by submitting a report through the ICC Maxient system. When making reports through the ICC Maxient system, reporters may include contact information or remain anonymous. Allegations against the president should be reported to the Board of Trustees.

Examples of Suspected Wrongful Conduct

The following examples are provided to illustrate potential categories of wrongful conduct covered by this Policy. Such examples include, but are not limited to:

- Theft, fraud or similar inappropriate use of College or ICC Foundation resources and assets, federal financial aid funds, grant funds, or scholarships
- Falsification of contracts, reports, or records
- Improper supplier, vendor, or contractor activity
- Intentional misreporting of financial transactions
- Malicious use of a College technology resource

Administrators, directors, managers, and supervisors are required to promptly report any report of suspected violations to Human Resources, which has specific and exclusive responsibility to investigate all reported violations.

Investigation

Reports and investigations will be kept confidential to the extent possible under law and consistent with the need to conduct an adequate investigation. <u>Maxient Ticket</u> reports will be routed internally so they may be promptly and thoroughly investigated to the extent possible based on the information submitted by the reporter. Human Resources will exercise reasonable care in dealing with suspected misconduct to avoid:

- 1. publication of baseless allegations;
- 2. premature notice to persons suspected of misconduct and/or disclosure of suspected misconduct to others not involved with the investigation; and/or
- 3. violations of a person's rights under law.

Enforcement

If it is determined that a violation to state and/or federal law, or to College policy, process, or procedure has taken place, Human Resources will work with the proper administrator(s) to issue the appropriate accountability up to and including termination.

Appeal Process

The decision by Human Resources and proper Administrator(s), or the board's decision in a case of allegations against the president, will be final. Appeals will be provided pursuant to <u>Board Policy TRU-909</u>.

Retaliation

Independence Community College is committed to providing an environment of integrity that encourages individuals to disclose violations of state and/or federal law, College policies, processes, or procedures and protects an individual who makes a good-faith disclosure of such suspected wrongful conduct.

No individual shall retaliate against another individual for reporting, or causing to be reported, suspected wrongful conduct, or for assisting in an authorized investigation of alleged wrongful conduct. Retaliation includes any action that may have a materially adverse impact on the educational environment or terms or conditions of employment including, but not limited to, increasing discipline, demotion, changes in pay or hours, lowering grades, or material changes in job duties or functions, if such action (whether actual or threatened) is because of the individual's filing of or participation in the review of a complaint under this Policy, whether or not such complaint is determined to be valid.

Any employee who retaliates against a student or employee who has reported a violation in good faith is subject to discipline up to and including termination of employment.

Any person who believes retaliation has taken or is taking place should immediately report the matter to Human Resources or file a report through the <u>ICC Maxient Ticket System</u>.

Accordingly, an administrator, director, manager, or supervisor who receives a report of suspected retaliation:

- 1. should immediately notify Human Resources of the report;
- 2. should not discuss the report with anyone other than Human Resources, an internal auditor, or a duly authorized law enforcement officer;
- 3. should not contact the person suspected to further investigate the matter or demand restitution;
- 4. should direct all inquiries from an attorney retained by the suspected individual to Human Resources; and
- 5. should direct all inquiries from the media to college public relations.

Other Processes

This policy is not intended to supplant any more specific college policy that would apply to a particular form of misconduct, such as sexual harassment, which is governed exclusively by the college's sexual misconduct policy. To the extent a more specific college policy exists with respect to a particular form of misconduct, that more particular policy will govern in all respects.

False or Malicious Reporting

This policy does not protect an employee who files a report or provides information that the employee knows to be false or provides information with reckless disregard for its truth or falsity. An employee who is determined to knowingly have made false accusations or provided false information during an investigation may be subject to disciplinary action up to and including termination.

- A situation exists where significant changes in enrollment are possible but not reasonably predictable.
- When any major revenue source has a reasonable possibility of decreasing after the college budget is approved and adopted.
- When any operating expenditure that is beyond the control of the college could reasonably be expected to increase after the college budget is approved and adopted.
- Any other situation in which the board determines that there is a reasonable expectation that major shifts in revenue or expenditures could occur during the budget year.

Stabilization reserve levels:

- Minimum reserve levels shall be at the discretion of the Board of Trustees under advice from the President.

Re: Fab Lab Paint Booth

Request for paint booth purchase as part of the building expansion project in partnership with the US Economic Development Administration (EDA)

Greetings ICC Board Members

The procurement and installation of a paint booth is the final component of the EDA grant approved in 2017. (See summary below.) The grant agreement set forth that procurement for the construction of the new building and weld shop would be done according to EDA guidelines for obtaining bids and paying prevailing wages to construction workers. Originally, the purchase and installation of the paint booth was also to be accomplished using EDA guidelines. The recent difficulty of getting bids due to current economic conditions and inflation has caused us to pivot our paint booth requirements and the EDA has agreed, in order to avoid further delay of the project, to allow us to use ICC procurement guidelines to acquire the paint booth instead of the more formal EDA process.

In this memo, I am requesting your approval for the procurement contracts related to the paint booth based on and not to exceed the preliminary estimates presented below. We will work with Jonathan Sadhoo to make sure we follow ICC policy as we proceed with the project. The total amount in the original budget for the paint booth project was \$66,000.

Description	Expected Cost	Not to Exceed
Point apray booth approx 10' v 10' v 9 1/' to 10' H	9,300	11,000
Paint spray booth approx. 10' x 10' x 8 $\frac{1}{2}$ ' to 10' H with kits and controls	9,300	11,000
Ventilation and exhaust materials	1,900	2,500
Crating and freight	1,700	2,400
Fire suppression	5,500	6,500
Electrical hookup	3,000	3,500
Air compressor	8,000	11,000
Vent installation	4,000	5,000
PPE	2,000	2,500
Guns and Hoses	1,000	1,500
Total	27,100	34,900

I believe this pivot on the paint booth system to a smaller booth will help us bring the entire grant in at a bit under budget. Once completed, we can close out the grant and settle the financial transactions with

EDA, although there's a reporting period of, I believe, five years we'll have to report on how many entrepreneurs and small business owners we've helped start and/or grow their businesses. Thank you,

Jim

Summary of the EDA Grant

As you may recall, ICC entered into an agreement and partnership with the EDA in 2017 to add the Fab Lab expansion building to the existing Cessna Learning Center, now the Center for Innovation and Entrepreneurship. The grant application and subsequent approval was predicated on Fab Lab ICC's efforts to support area entrepreneurs, small business owners and manufactures in business development. It was with the same interests that EDA approved our loan application which includes a provision that EDA reimburse ICC for half of the project costs. The project consists of three major areas:

- 1. The building itself with an overall footprint 80' x 80' and includes a business accelerator room (aka business incubator), a digital design studio (supported by Equity bank and known as the Equity Bank Digital Design Studio) and the large north shop area to house a small welding shop and a paint booth.
- The weld shop with equipment, however, we reduced the cost of the weld shop by using three multipurpose welders purchased previously for a welding program that did not end up coming to fruition.
- 3. The paint booth for applying paints and coatings to projects of all types.
